Dear Mr. Umstot:

On behalf of the U.S. Green Building Council, I would like to congratulate you on achieving Leadership in Energy and Environmental Design (LEED®) certification for MIRAMAR COLLEGE/CITY OF SAN DIEGO - HOURGLASS FIELDHOUSE. Your project's final LEED rating reflects 26 documented and approved points, which corresponds to the Certified certification level under the LEED FOR NEW CONSTRUCTION rating system.

LEED certification identifies MIRAMAR COLLEGE/CITY OF SAN DIEGO - HOURGLASS FIELDHOUSE as a pioneering example of sustainable design and demonstrates your leadership in transforming the building industry. In honor of this impressive achievement and in appreciation of your participation in LEED, we are pleased to present you with the enclosed certificates recognizing your accomplishment.

If you have achieved certification under LEED for New Construction or LEED for Core & Shell, it will also be our pleasure to offer you free registration under the LEED for Existing Buildings Rating System, which focuses on sustainable building operations and maintenance. LEED for Existing Buildings will provide you with the tools and resources to ensure that your building continues to perform as expected, and even to increase its performance over time. For more information, please visit us at www.usgbc.org.

Congratulations once again on earning LEED certification, and thank you for your commitment to our common goal of building a healthy, sustainable future.

Sincerely,
